

## **NTU Health Exam Requirement for Incoming Exchange / Visiting Students**

In order to understand the general health condition of coming students, and to meet the regulations of National Taiwan University, all students should receive a health exam by a qualified physician. The registration procedure is not complete if the new student does not have her/his health exam form completed.

For convenience, you may take the health exam abroad, as long as all items are completed and the examination form includes the doctor's signature and stamp of the hospital or clinic (for certification), and is no longer than 3 month old.

You may download the health exam form from the OIA website at [http://www.oia.ntu.edu.tw/ex-in/2\\_apply.asp](http://www.oia.ntu.edu.tw/ex-in/2_apply.asp) and bring it to the hospital. The required items are included in the "NTU General Health Exam Form". Most importantly, please remember to bring the completed exam form with you when registering at NTU.

### **※ Special instructions**

1. Please inform the doctor if you are pregnant. (You are allowed to skip the CXR exam when you are pregnant.)
2. Please avoid checking your urine when menstruating.
3. Fasting at least for 8 hours is indicated for laboratory tests.
